A brief word of explanation: You'll notice that this catalog is organized by mounting methods—Pole Mount, Ground Mount, etc. Well, the fact is that almost any of our designs can be built to mount almost anywhere. So, if you see, say, a Pole Mount that you'd like to mount on your building front, we can do that. Remember; This catalog is all about creativity—we can build pretty much anything you can dream up. The possibilities are limited only by your imagination.

2

GIANT FRAME TREES

The Paramount Pine Tree, our new flagship line of giant frame trees, is engineered to be user-friendly—you'll find it's much easier to assemble and maintain. It comes with either C7 (Incandescent or LED) lamps or 5mm Wide-Angle LED Mini-Lights. Sizes: 14' to 50' in 2' Increments.

Giant Noble Fir

Signature Series
